In the Director’s report C. Kujawa reported:

- **Snow budget**-
  - $16,000 was budgeted for 2023, to date $8,930.96 has been spent, it’s been the second heaviest snowfall in city history. Depending upon year-end weather, it may be necessary to transfer funds from another account to cover the expense.

- **Roof/ice jam and interior water**-
  - The roof repair estimate was received for $8,055 and signed to proceed.
  - Arrow Service Team will provide an estimate for the interior repair.
  - All estimates and invoices will be sent to the North Dakota Insurance Reserve Fund claims adjustor.
  - Seifert Electric will work on the heat tape and check breakers in preparation for next winter.

- **Drive-thru area concrete project**-
  - Estimates have been requested for the concrete work from the City, Myhre Concrete Design, Inc., and Knife River Corporation, thus far one has been received.
  - City Forestry has been contacted about removing a tree and grinding the stump, which is scheduled for the week of May 15. The drive-thru and southwest parking lot will be closed during this process.

- **Legislative updates**-
  - HB 1205 was signed by Governor Burgum and will go into law.
  - SB 2360 was vetoed by the Governor yesterday morning, which was followed by a Senate floor vote with a 2/3 majority. It will go to the House floor, if the result is a 2/3 majority it will pass into law, if not the bill will fail.
  - Final bills and actions to be taken will be shared with legal representation, who will determine the next course of action, if any.
  - C. Kujawa is working with the City Attorney’s office on the Collection Development Policy to ensure all elements of HB 1205, and possibly SB 2360, are included to maintain compliance. Questions and concerns from our youth services department will be shared with them to provide legal guidance.

- **Request for Reconsideration**-
  - A Request for reconsideration was received for a DVD. E. Jacobs reviewed the request, consulted the Collection Development Policy, and decided to remove the item. C. Kujawa reviewed the request and agrees with the outcome.

- **Sculpture**-
  - The original location isn’t viable due to the discovery of a several decades old, large underground fuel tank where stabilizing poles would be placed. Public Works was consulted about removing the tank, determining it would be costly, produce the potential for damage, and would be labor intensive. The recommendation was to leave the tank as is.
  - Two other potential locations on the south side will be shared with Mann Signs, Inc. for input.

- **Interior lighting**-
  - C. Kujawa contacted the Public Works Director for an update on the SitelogIQ contract and projects discussed in October 2022. SitelogIQ’s recommendation was that all library lighting needs to be replaced. She was told that the City Commission recently approved proceeding to the next phase of the SitelogIQ proposal. City Finance is determining the best course of action for funding arrangements.

- **East window coverings**-
Friends of the Library will fund the coverings of the new windows on the east side of the building.

An estimate is forthcoming from a local artist to create 12 pieces with common elements such as books and our logo graphic. High resolution photos will be given to Bismarck Sign Company, who will create and install the window coverings at a cost of $2,170.
